

Peer Mentor Training Programme

Goals

The specific goals of the SMP are:

1. To provide students with a continuing orientation to the college and community life.
2. To help students connect with other students in the college.
3. To offer students a variety of support mechanisms.

Programme Outcomes

Through a mentoring relationship with an upper-class student, **first-semester students (Protégés/ Mentees)** will...

1. ...ease their transitional experience from high school to college
2. ...make connections academically, socially, and cocurricularly at the H. Lavity Stoutt Community College.

Through a mentoring relationship with a first-semester student, Mentors will...

1. ...learn how to appropriately maintain and manage a mentoring relationship
2. ...further engage with their own college experience through helping and guiding their freshmen protégés through theirs.
