Education Plan with Results

LEARNING OPPORTUNITIES

The curriculum map (below) shows where we introduce students to each learning outcome, give students opportunities for practice and reinforcement, and collect data and evidence of their learning. These learning outcomes will also be reinforced in programs where appropriate.

GE Learning Goals	Learning Opportunities	
	Courses	Other*
Written communication: Write effectively in a range of contexts and for a variety of different audiences and purposes, with a command of the English language	ENG 104 and ENG 105	
Oral communication: Verbalize and present ideas clearly and concisely so that they are heard, understood, and acted upon	ENG 106	
Communication in a foreign language: Communicate in a foreign language and at the same time acquire and use knowledge of foreign cultures to enhance intercultural understanding	FRE 100 and FRE 101 or SPA 100 and SPA 101	
Critical thinking: Think critically and use those skills to think effectively about questions, problems, and decisions both inside and outside of the classroom	Component of every course	
Quantitative reasoning: Use quantitative methods to solve real-world problems	MAT 101, MAT 102, MAT 108/109, MAT 110, or MAT 113	
Scientific reasoning: Use the scientific method to logically solve problems in the natural world	BIO 104, BIO 106, or BIO 110	
Ethical reasoning: Think logically about right and wrong human conduct	PHI 100, PSY 100, or SOC 100	
Historical and cultural awareness: Examine and display sensitivity to the practices of everyday life that shape the history of a particular people, and be able to critically evaluate the history that is presented	HIS 100, HIS 120, HIS 121, MUS 100, MUS 101, VIS 110	
Information literacy: Recognize when information is needed and be able to identify, locate, evaluate, and effectively and responsibly use and share information for a problem at hand	ENG 104 and ENG 105	LRC support activities
Technological competence: Use technology, communication tools, and networks appropriately to solve problems or compile information in order to function in an information and technology driven world	CSC 104	

* Activities or experiences not associated with a particular course.
